

## C & T Group Profile

### About Us:

With experience of **28** years in low current systems, **C&T Group** became a leader company in this market. Our company was established in **1993** starting with Fire Alarm System and gradually expanded to cover all of low current systems with fully integrated solutions.

Nowadays, we have successfully completed over **200** projects in various countries such as Egypt, Algeria,... etc. Our head office is in Egypt and we have 3 other offices in Kuwait, Algeria and Saudi Arabia.

One of our competitive points that makes us better than others is that we do **D**esign, **S**upply, **I**nstallation & **M**aintenance for all of low current systems.

### Our Mission:

To **U**nderstand, **S**atisfy, and **E**xceed our worldwide customers' needs and expectations through design, installation, and service quality that will provide a competitive advantage for our customers. And to explore new markets inside & outside Egypt.

### Our Vision:

To **D**eliver a complete & integrated low current solution with high level service excellence to North Africa & Asia countries as an electromechanical contractor.
